FLEET SERVICE

TRS
KEEPS YOU IN YOUR GEAR

OUR QUALITY TRAINED MECHANICS AND MOBILE SERVICE VANS GUARANTEE TO KEEP YOU ON ROUTE

TRS Fleet Service

In 2012 we started our Fleet Service division to provide a full service fleet maintenance solution for the transport industry. Over time, this division of TRS has branched into a number of new areas and today operates as much more than just a repairer of commercial vehicles. Fleet Service is involved in all areas related to the service, repair and maintenance for all major brands and models of truck and trailer vehicles.

TRS Fleet Service's aim is to function as a 'one stop shop' for its customers, taking care of all their sales, service and repair requirements, providing both customer satisfaction and peace of mind.

Set price servicing

No more surprises when picking up your truck or trailer after servicing. Email your make, year model and chassis number to alan.bold@trsservice.com.au for a guaranteed price before you book it in.

TRS Fleet Service specialises in:

- Scheduled Truck and Trailer Servicing
- Authorised Heavy Vehicle inspection station for Road Worthy and defect lifting
- Mobile servicing and Roadside repair available
- Pick up and delivery service of truck and trailers available if required*
- General mechanical repairs
- Engine, transmission and drive line repairs and service
- Total fleet management
- Set price service and maintenance contracts

Inspections for heavy vehicles

Heavy vehicles require inspections in order to be registered in NSW, and to renew their registration. Inspections can be carried out at our Authorised Heavy Vehicle inspection station for Road Worthy and defect lifting at Fleet Service, 5 Holbeche Road, Arndell Park.

We would value the opportunity to discuss how we can help your business and look forward to working with you. Please call Alan Bold on 0412 522 054
